

March 20, 2024

To Whom it May Concern:

Thank you in advance for considering support of the 2024 Texas Cardiovascular Innovations Conference.

On behalf of the Symposium Directors, S. Hinan Ahmed, MD, FACC, FSCAI & Chandra Kunavarapu, MD, we are pleased to announce the dates for the **2024 Texas Cardiovascular Innovations Conference (Texas-CIC)**. **Texas-CIC** will be held August 23-24, at the La Cantera Hotel in San Antonio, Texas. **Texas-CIC** is South Texas' premier cardiovascular conference, providing timely updates on scientific data, new technology, and updated guidelines. This conference is being developed in partnership with Methodist Healthcare System, HCA, and Antidote Education Company.

Led by our renowned multi-disciplinary Faculty, **Texas-CIC** will utilize an interactive format, focused on improving patient care to provide timely updates of scientific data, new technology and guidelines. Through case-based presentations and interactive audience modalities, **Texas-CIC** will provide the attendee with updates on the rapidly evolving technology and cutting-edge therapy in the entire spectrum of cardiovascular diseases. By illustrating state-of-the-art evidence and best clinical practices as they apply to real world case patient scenarios, attendees will gain the understanding of their role in providing care not only in their practice today but in the future as well.

By providing up-to-date topical reviews, we will inform the attendees about how to achieve the best outcomes. This patient-focused process will allow attendees to weigh the risk versus benefits of therapeutic choices. The inclusion of precision medicine which will provide attendees with increasingly precise information about the molecular mechanism by which a person has developed cardiovascular diseases and facilitate focused approaches to optimize treatments to allow patients to deal with their personal disease.

Texas-CIC is specifically designed to meet the education needs of cardiologists, hospitalists, intensivists, primary care physicians, surgeons, fellows, pharmacists, nurses, nurse practitioners, and others involved in the care of patients with cardiovascular conditions. We expect over 700 live in-person participants at this year's Symposium, along with reaching a virtual audience.

We are pleased to be working with Antidote Education Company. As an ACCME-accredited (with commendation) organization, Antidote will accredit the program for a total of 12.25 *AMA PRA Category 1 Credits™*. In addition, we anticipate nursing CE will be provided as well.

We very much appreciate your support to help defray the costs of this conference. Take a moment to review the Sponsorship Prospectus for a full list of support packages and options. Please don't hesitate to contact Legh Garrett, Exhibit Manager, Antidote Education Company- lgarrett@antidotecme.com or 214.442.6233 with any questions or concerns.

I am grateful to you for considering this opportunity, and I am confident that you and your organization will see merit exhibiting at this revolutionary program. I look forward to hearing from you in the near future and look forward to your participation in the 2024 Texas Cardiovascular Innovations Conference.

Sincerely,
